

# EARLY CHILDHOOD INTERVENTION PRACTITIONER MANAGEMENT POLICY

Research has shown us that providing high quality intervention to children with diagnosed disabilities, developmental delays or children under assessment not only assists in ensuring the child can participate in everyday activities and family and community life but may substantially reduce the assistance and support required later in life. We also know that children learn best when participating in normal routines and activities with familiar people. Our Service therefore welcomes the support of Early Childhood Intervention Practitioners.

#### PURPOSE

We aim to provide an inclusive environment that supports each child to fully participate in the daily routines and activities of the service. This includes providing procedures that enable us to maintain the daily schedule of children requiring visits from Early Childhood Intervention Practitioners that minimise disruptions to the child, other children, and educators. To ensure a child safe environment and our commitment to the Child Safe Standards, any ECIP visiting our service will be made aware of our code of conduct, child safe policies including the reportable conduct scheme.

#### SCOPE

This policy applies to children, families, staff, management, Approved Provider, Nominated Supervisor and Early Childhood Intervention Practitioners (ECIP) visiting the Service.

## IMPLEMENTATION

### OUR PHILOSOPHY

*The Early Years Learning Framework (EYLF)* recognises that ‘Partnerships ... involve educators, families and support professionals working together to explore the learning potential in everyday events, routines and play so that children with additional needs are provided with daily opportunities to learn from active participation and engagement in these experiences...’ (DEEWR, 2009, p. 12).

### SCHEDULING VISITS

Visits to a child must be scheduled by the ECIP in negotiation with the Director/Responsible Educator

- The ECIP will be advised of the most appropriate times of day to schedule a visit in regard to minimising disruption to the child, the classroom routine, and the service (individual ageappropriate routine of the child is to be considered.)
- ECIPs will not be permitted access to the child if they arrive without a scheduled appointment
- When scheduling visits, time must be included for communication between the responsible Educator/Director and the ECIP after and/or before time spent with the child
- If the ECIP has not attended the service on a prior occasion they will be advised that they must bring a current WWCC and original *or* certified copies of qualifications
- ECIPs will be advised that they are visiting a Sun Safe service and must bring a hat
- ECIPs visiting our Service will be required to complete a COVID-19 health declaration upon arrival stating that they are not currently experiencing any fever at or above 37.5°C, acute respiratory infection, cough, shortness of breath, lethargy, sore throat, loss of sense of smell/taste and that they have not recently been in close proximity to a suspected or confirmed case of COVID-19.

### MAINTAINING ACCURATE RECORDS OF ECIP VISITS

- Upon arrival ECIPs must sign the Visitor’s sign-in book, and/or the *ECIP Record of Visit* for the individual child being visited.
- Upon conclusion of the visit ECIPs must sign out in both the Visitor’s sign-in book, and/or the *ECIP Record of Visit* for the individual child being visited.
- Information to be provided by the ECIP on the *ECIP Record of Visit* will include:
  - date
  - ECIP’s name and contact details
  - scheduled appointment time
  - the company/business the ECIP is representing and their contact details
  - the purpose

of the visit (observation, one-on-one activity etc.), and o the arrival and departure time.

- Upon conclusion of the visit the *ECIP Record of Visit* will be filed in the child's confidential records.

## CHILD PROTECTION/DUTY OF CARE

- On the initial ECIP's visit he/she will provide evidence of a current WWCC, which will be photocopied and placed on file. The Director/Nominated Supervisor will ensure the WWCC is checked or verified before the ECIP engages in activities with children.
- The Nominated Supervisor or Responsible Person will ensure the ECIP is made aware of the service's commitment to the Child Safe Standards and be provided access to the relevant Child Protection and Child Safe Environment Policy
- Qualifications and WWCC documents may either be submitted by the governing agency (prior to ECIP visit) OR in the case of individual therapists (NDIS relevant), therapists to provide relevant documentation. The staff member greeting the ECIP will make a note that these have been sighted
- Where possible, all interactions with the child will be conducted within the classroom environment
- At no time will a child be removed from the group: Children must remain within sight of service staff at all times.

## CONCLUSION OF VISIT

- At the conclusion of the visit a private space will be provided for the ECIP to have a conversation with the Responsible Educator/Director. If a private space is not available, the ECIP and Educator/Director will seek out an area where they can conduct the discussion with the appropriate level privacy
- A summary of what has occurred will be provided by the ECIP including observations, outcomes of activities, and strategies to be implemented by service educators
- To ensure accountability is embedded into the process 'next moves' and 'actionable time-lines' should be employed.

## PRIVACY AND CONFIDENTIALITY

- Prior to conversations about the child it will be ensured that the family has given written consent to speak about their child

- Discussions/conversations about the child will not take place in front of other children or families
- All records of the visit will be placed in the child's confidential file in a locked cabinet.

#### MANAGEMENT/NOMINATED SUPERVISOR/DIRECTOR WILL ENSURE:

- all visitors to the Service adhere to strict hygiene measures as implemented within the Service (handwashing, physical distancing, use of PPE)
- appointments are scheduled with ECIPs with regard to minimising the disruption for the child and the classroom routine

- appointment duration allows adequate time for the ECIP to consult with the educator both before and after time spent with the child
- the ECIP is notified in a timely manner if the child being visited is not in attendance at the service on the nominated visit day
- that educators in the service receive the appropriate and relevant training required to support children with disabilities and/or developmental delays.

- educators are informed of resources that are available to support the child's learning and development
- any required documentation (such as observations) is requested prior to the visit to ensure educators have reasonable time to prepare
- the service is notified in a timely manner of any cancellation of appointments
- if running late to an appointment the ECIP will contact the service to ascertain if a later time is practical or if another appointment must be scheduled.

## EDUCATORS WILL ENSURE
